Jane Cooper, who has been manager at Little Ducklings at Reedham for two years, said: "We got a lottery grant last year in March and we've just had the equipment installed now."

She said this had allowed them to have the shed moved onto a base, add a grass area and put up gates, as well as the new play equipment.

Jane added they had also had grants from the parish council and Norfolk County Council.

"The children love it," she said. "It's a free flow now they can go straight out to play."

Little Ducklings will be holding an open day on July 15, for any parents wishing to find out more about the pre-school.

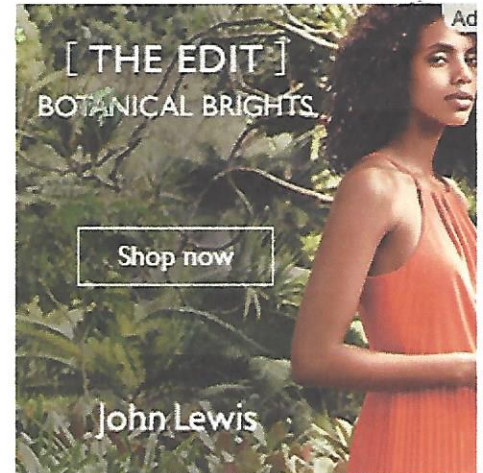

People are welcome to show up between 9 - 11am, but Jane said it would be useful if visitors could call the school on 01493 700271 so she can get an idea of numbers wishing to attend.
